Pennisetum 'Sky Rocket'

PROVEN WINNERS QUART GRASSES

Acorus Ogon Z 5-11 / Ht 6-12"

Acorus is a grass like perennial with butter-yellow sword – like blades. It's a great addition to containers, the border, or the edge of a garden pool or pond, as it likes moist soil.

Cyperus Baby Tut - Z 9-10 / Ht 18-24"

Cyperus Prince Tut - Z 9-10 / Ht 30-48"

Cyperus: Grass like plants that must remain consistently wet. Though the crown should never be covered in water, all three varieties can thrive in a few inches of water.

Carex Toffee Twist - Z 7-10 / Ht 18-24"

Iridescent, slender mahogany foliage drapes gracefully and is especially attractive as an accent plant.

Cyperus King Tut - Z 9-10 / Ht 48-72"

PROVEN WINNERS QUART GRASSES

Pennisetum - Setaceum Fireworks

Z 9-11/ Ht 24-30"

Chosen for its color, texture and performance. 'Fireworks' is a pink and white variegated purple fountain grass with a strong upright, arching habit that prefers full sun and is sure to add strong fall interest to any landscape.

Pennisetum - Setaceum Cherry Sparkler

Z 9-11/Ht 30-48

Pink Blush overtakes the white and green striped blades as light levels increase. Long red/burgundy plumes trail above the compact mound from summer to fall.

Pennisetum - Rubrum Purple Fountain Grass

Z 9-10/ Ht 24-30

Waves of Graceful nodding, soft purple plumes arch up and out from burgundy-tinted foliage in true fountain grass form. Especially dramatic in groups, mass plantings, and as a single focal point.

Pennisetum - Setaceum Sky Rocket

Z 9-11/ Ht 30-48"

Green leaves with white striped margins form a beautiful vase-like clump topped with smoky pink, arching plumes that turn cream as they age. Since the plumes are sterile, the plant blooms from midsummer all the way into mid-fall.

PROVEN WINNERS QUART GRASSES

Juncus Blue Mohawk

Z 5-9 / Ht 24-36"

A moderately vigorous rush with fantastic blue-green foliage that works perfectly as a texture plant in containers as well as in the landscape.

Juncus Curly Wurly

Z 5-9 / Ht 12-18"

Unique, corkscrew, spiraling, leafless evergreen foliage adds shape and structure to combinations and borders. In the summer, tiny, greenish-brown flowers are produced in small heads.

Vertigo

Z 9-11 / Ht 36-72"

With rich burgundy foliage, this fast and easy warm season grass reaches 3-6' tall depending on the location and season. A bit too big for a 4.5", but impressive in all container sizes.

Scirpus Fiber Optic Grass

Z 8-10 / Ht 12-14"

Bright green grass-like plant gets its name from the small flowers on the tip of each stem. Ideal for moist soils and an outstanding addition to any container garden.
